CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Financial Growth Continues In PB Co.

Financial institutions of Palm Beach County have gained more than \$39 million dollars in total resources during the year ending June 30, representing an increase of 10.9 percent during the period according to Art Kell, manager of the Resources Development Board of Palm Beach County.

Proof of the steady growth of the county was contained in the report covering the last nine years, when the combined resources of its banks and Federal savings and loan associations climbed from \$118 millions in 1950 to a total this year of \$394 millions. Percentage-wise this represents an increase of more than 234 percent since 1950, the RDB research department reported.

The gain, in total resources amounted to \$39 million dollars in the mid-year report while savings and deposits mounted \$33 millions in the same 12 month period, for a new high of \$357,515,531.

The new figures include one new bank and one new Federal savings and loan association during the year, plus several branch offices of savings and loan institutions.

Millions In Road Work Being Spent

Over \$168 million in road and bridge construction projects were underway in the state during June, according to a monthly progress report issued today by Joe Grotegut, Chairman of the State Road Board.

In addition to the \$168,952,639 of projects already under construction, Chairman Grotegut said that bids were received for \$15,523,434 in new construction. During the month contracts were awarded for \$8,096,426, while work completed and accepted by the Department in the period amounted to \$9,524,326.

William D. Singer of Miami, Road Board member from the Fourth District, reported that construction under 42 contracts in the 9 counties comprising this district accounted for \$42,465,702 of the state total.

Normans Return From Kentucky Visit

Mr. and Mrs. Noma Norman have returned from visiting relatives and vacationing in Tennessee and Kentucky. While away they visited his mother, Mrs. C. A. Norman and other relatives in Clarkrange, Tenn., and her mother, Mrs. John E. Campbell of Hazard, Ky. They were accompanied on their return by his sister Mrs. Ruth McCully of Clarkrange, who will visit in Pahokee. Enroute home Mr. Norman, who is vocational agriculture teacher in Pahokee High School, and advisor of Pahokee Future Farmers of America chapter, attended the annual vocational Agriculture Teacher's conference in Daytona Beach.

Mr. and Mrs. Fred Hickerson and son Fred, Jr., have returned from West End Bahama Island where they enjoyed fishing and boating.

Lake Okeechobee Level Now At 15.1

Army engineers at Lake Okeechobee are in the midst of one of their periodic battles to get the level of the huge lake down ahead of the peak of the hurricane season.

They lost one of these battles in 1949 and had the 125-mile-per-hour winds of that hurricane not have eased when they did a section of the levee might have gone out.

The water level this year is not nearly as high as it was then. That blow, preceded by days of torrential rains, caught the lake with a 17.5 foot level.

The level now is but 15.1, but according to assistant area engineer C. M. Fletcher, they would like to see it down to somewhere between 13 to 13.5 feet — even to 12.5 if that could be possible.

Tilly Walker Has 30 Yrs. With N. Y. Life

R. B. (Tilly) Walker of Hollywood, Fla., is rounding out 30 years with New York Life Insurance Company, August 1, 1959 will mark the eventful day in Tilly's life. He has many friends in the Glades who will be happy to know that he has been with this outstanding company for so many years.

He has been a civic leader in his community; has supported his church strongly; has served his clients faithfully and thoroughly; has been loyal to his Company; and has helped improve the life insurance business through unselfish leadership in local, state, and National Association of Life Underwriters affairs.

Mr. and Mrs. Abe Dobrow flew to Mexico City where they joined her brothers Louis and Jerry Gold, who are spending the summer there.

County Board Ups Millage 5.38 To 5.92

The County Commission this week, after an all-day hearing which sometime verged on stormy and sharp criticism, adopted its annual budget as advertised—which will see some \$9½ million set up for expenditures during the coming year.

About half the amount, the commission noted, will be made up of money received from revenue outside of taxes—funds that are turned over to the commission through operation of concessions at the airport; operation of the county zoning department; state and federal matching funds and excess fees.

According to the anticipated expenditures, a levy of 5.92 mills will be made to finance the tax revenue portion of the budget—a levy which is up about a half-mill from last year.

Prior to adoption of the budget, the commission heard a number of sharp queries over amounts which had been set up for the county health department's mental guidance clinic; funds budgeted for start of construction on a new jet airport—a self supporting project; (continued on page 8)

COUNTY COMMISSION COMPLETES BUDGET AFTER SPENDING WEEKS AT THE JOB

A day-long session marked final adoption of the county's budget for the coming year. Sitting before a packed audience, the commission heard both commendations and criticism over proposed expenditures and tax levies. Some of the highlights of the meeting included a request from Tom G. Smith, commissioner of the Lake Worth Boating and Fishing Club, asking that a \$3,000 appropriation for a bridge to a Lake Osborne island be left in the budget.

Smith reviewed the 10 year history of his club and said some years ago the organization has been granted a site in John Prince Park for construction of a club house.

Later, Smith said, the site had to be abandoned since it fell into an area which has been designated as a safety zone for Lantana Airport. A new site was granted to the club by the county—located on an island in Lake Osborne.

Smith said the site is inaccessible for lack of a canal bridge and that if the span is constructed this coming year, more complete use of the park facilities will be open—not only to his club, but to visitors too.

A survey by the boat club, Smith said, showed that park visitors come from all sections of South Florida and that the area is fast becoming a popular recreation site.

Estimated cost of the county new jet airport was reported at the board's budget hearing, following a request for information from a member of the audience. County Engineer Steve Middleton said the first phase of construction—development of the new port to a point where it can be used commercially will cost an estimated \$7½ million.

Total cost of building the new port will be about \$10 to \$11 million, he said. Construction of the new port, the engineer said, will be self supporting and the initial phase will be built from funds from the sale of Palm Beach Airforce base.

Charges that the County Veterans Service facilities have long out-

lived their usefulness, was charged by Lake Worth resident who appeared at the county budget hearing.

Arthur Wescott, who identified himself as one of the originators of the service, said it was originally formed to help the returning veteran who did not have the privilege of Veterans Administration aid.

Following the war, Wescott said, the VA established a contact office here and since that time has taken over the work done by the veteran's service officers.

The two services are overlapping, he said, and the county should stop appropriating funds for a service not needed. The commission said many veterans organizations have asked that the service be continued.

Sheriff John Kirk, called on to explain sections of his annual budget, pointed out that Palm Beach County was operating at far less cost than in other areas of the state of similar size.

Broward County, he said, has approved a budget of more than a million dollars for its law enforcement branch and it is smaller than Palm Beach County.

Kirk said this area has fallen behind in some phases of development and added—"It's time we stick together and spend a buck."

One of the choice remarks during the budget hearing came from Commissioner Kenneth Foster, who was being blistered by a critic who appeared to be a bit loose with the true facts about county expenditures.

Said Foster: "I would be glad to serve on a committee to get this uninformed citizen—informed."

Possibility of some type of detailed publication for the county budget appeared likely this week after several complaints were heard by the county commission over the difficulty of understanding a skeleton form.

Commissioner Roy Michael said

it was certainly not the intent of the commission to withhold all the facts are available at the comptroller's office and are open to the public.

The county commission's budget hearings this week were not without political implications. Both Commissioner Kenneth Foster and Roy Michael who will be seeking re-election, noted that it would be in their best interests to cut taxes during an election year.

Both agreed they would rather face the voters with a budget which provided services which are demanded by most county residents than to have to campaign in the face of cutting taxes and eliminating some of the services which have been asked.

Paul Rardin, vice chairman of the county commission and chairman of the board's budget committee, has given long hours to budget study and gathering data for the board's use.

So no one was particularly surprised when Rardin answered one severe, outspoken critic at the board's budget hearing, declaring—"We don't have to sit here and take a brooding heat."

The critic was roasting the board about an appropriation over which the commission has no control and which is set by state law. The appropriation concerned the county's judicial section and Rardin left the meeting to call in a circuit judge to answer the critics charges.

Faced by the judge, the critic became silent.

The county health department's mental health budget drew fire from a budget hearing delegation.

Health department officials pointed out that county funds were matched by state and federal funds and that the clinic was operated under direction of the state board of health and not the mental health association.

Most of the youths referred to the clinic, come from either the schools or from physicians, the health department spokesman said.

Turnpike Take Is Showing Increase

FT. LAUDERDALE — Net revenue of the Sunshine State Parkway for the first six months of this year showed a 27 percent gain over the 1958 period according to Thomas B. Manuel, Chairman of the Florida State Turnpike Authority.

June net revenue was up 20 percent over the same month a year ago and marked the ninth consecutive monthly increase, Manuel said. Since last October monthly gains have ranged between four and 29 percent.

Gross revenue in June was \$406,251.32 for an increase of 17 percent over the same month a year ago. Net revenue was \$296,293.94—up 29 percent.

For the three months of the fiscal year which began April 1 gross revenue was up approximately 14 percent and net revenue showed an increase of approximately 21 percent.

In the first six months of this year net revenue was \$2,142,340.01, which was a gain of approximately 27 percent. Gross revenue of \$2,769,504.02 was \$436,523.67 or approximately 19 percent higher than the same period of a year ago.

For the first six months this year the Parkway has a fatality rate of 2.0 per 100,000,000 vehicle miles compared to the national Turnpike average of 2.8 and a rate of 5.6 last year on free roads in the nation.

Since the opening of the Turnpike January 26, 1957 a total of 8,638,355 vehicles carrying an estimated 25,915,065 passengers traveled a total of 421,313,104 miles.

Mr. and Mrs. Garner A. Mol: accompanied by his mother, Mrs. R. A. Mol, all of Lake Wales, spent the weekend visiting Mrs. Mol's son-in-law and daughter Mr. and Mrs. I. W. Weeks, and her son and daughter-in-law, Mr. and Mrs. Graham Mol and family.

Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

The county commission this week rejected a proposed lease between board and the Airforce for Palm Beach Airforce Base, a lease to run for about 60 days.

The proposal, according to County Attorney Harry Johnston, is a temporary arrangement while the military closes out the base prior to turning the property over to the county.

Principal objection to the lease agreement, the board said, was a clause which made the county responsible for insuring the condition of some \$16 million worth of improvements. As the board pointed out, a fire or hurricane could wreck

the base facilities, and the county under the proposed lease, would be obliged to return the improvements to original form.

In other actions the board:

Met Joel Daves, recently appointed county solicitor to succeed Charles Nugent who is resigning Aug. 1.

Heard that the board has no jurisdiction in a suggestion that taxes be levied on privately owned cemetery lands.

Called for bids on a radio system to provide communication between county departments.

Recessed the meeting until Wednesday to continue consideration of county business.

Building A House Is Big Investment

Building or buying a house is the biggest investment ever made by most families.

If you are considering home ownership, give a lot of thought to the costs involved.

Very few families have enough savings to pay a large sum of cash for a home. This means they probably will have to borrow money to finance it, since builders or sellers usually must be paid in full at one time.

In setting up the financing plan, be sure to leave enough money in saving to meet family emergencies. Then determine how much more can be borrowed. The sum of what can be spared from savings, plus what can be borrowed, is the amount one can plan to pay for a home. Families usually can afford a home that cost about 2½ times their gross annual income.

Set up a budget allowing for regular monthly payments not only on the money borrowed but also on the interest charged on the loan. Because a long-term loan requires smaller monthly payments than a short-term one, it is usually best to get a relatively long-term loan. Since it is wise to pay off the loan as soon as possible to save interest costs, make sure the loan agreement permits prepayment so you can pay faster if your earnings justify. Low interest rate on the loan is another advantage to look for.

Housing is one of the largest items in the family budget, taking from 20 to 30 percent of the family income. The housing budget should include allowance for loan and interest repayment, paying property taxes and insurance.

George A. Scruggs son of Mr. and Mrs. Sam S. Scruggs of Runyon, completed his studies at Southern Technical Institute at the end of this past quarter. Mr. Scruggs received his Associate in Science Degree in Electrical Technology (Electronics Option).

Florida Has 101 Public Airports

Florida, long a leader in the field of aviation, has 101 public airports in operation, ranking the state 8th in this respect.

About half of these fields have runways of a mile or more and 12 of these measure runways of over 7,000 feet. The state ranks second nationally in the number of the longest runways.

With the preparation for the jet age and an increase in aircraft manufacture and servicing in the state, further expansion of aviation facilities can be expected, the Florida State Chamber of Commerce pointed out yesterday.

At mid-1958, the number of civil aircraft in Florida stood at 2,405 and active pilots numbered 12,636. There were 28,381 licensed pilots. Twenty-seven aviation schools are maintained in the state.

A network of 5,946 miles of air lines, 3,724 of them used at high frequency, covers Florida. Since the inception of the federal airport program in 1947, a total of \$28,171,000 (about half being federal funds) has been spent on the improvement of public airports in the state.

In addition to public airports, there are 35 military ports for airplanes, seaplanes and helicopters in Florida, which are not included in the above figures.

4-H Club Girls To Attend Institute

GAINESVILLE — Thirteen Florida 4-H Club and Future Farmers of America boys and girls will represent the state at the 1959 American Institute of Cooperation at the University of Illinois August 9-12. Dr. E. W. Calk, marketing economist with the Florida Agricultural Extension Service, says the group will represent the Southern regional winning South Dade FFA Chapter and the state winning Orange County Dairy 4-H Club.

Oranges Touted As Nature Powerhouse

LAKE LAND — Oranges and orange juice will be proclaimed "nature's powerhouse of Vitamin C" through Florida Citrus Commission advertising next year. Grapefruit and grapefruit juice will be "nature's gold mine of Vitamin C."

These are the themes worked out in discussions in New York between commission members and the board's advertising agency, Benton and Bowles. The new program will be more directly competitive with drinks, ades and imitation powdered drinks which seek to make inroads in Florida's citrus market.

The commission has estimated some \$3,000,000 will be available for advertising during the eight month period, beginning in November. The advertising is financed by a tax on all citrus packed or processed in Florida.

Stork Shower For Mrs. Elliott

Mrs. Ernest Maxwell, Mrs. Billy Sheffield and Mrs. Robert Walker were hostesses at a stork shower honoring Mrs. Elmer B. Elliott, of Lakeland Friday evening at the home of Mrs. Lee Wroten on Bacom Point Road.

Mrs. Maxwell received the guests with the honoree, and Mrs. Walker presided at the punch bowl. Mrs. Charles Sears assisted the honoree in opening and displaying the many lovely gifts she received.

White gladioli and sweetheart roses were used in arrangements throughout the party room. Some 30 guests attended.

Mrs. Joe Kelly and daughter, Madeline returned to their home at Ft. Pierce Friday after a week visit with Mr. and Mrs. J. V. Thomas, Jr., in Pahokee.

Cattle Topics To Be Discussed Aug. 13 At Cloverleaf Institute

LAKE PLACID—Florida Cattlemen will hear their industry discussed during sessions of the Sixth Annual Cattlemen's Institute on Thursday, August 13, at 4-H Camp Cloverleaf.

The one-day institute will begin at 9:30 with a look at the future of the Florida cattle industry by Dr. C. C. Moxley, associate economist with the Florida Agricultural Extension Service.

Other subjects for discussion during the morning sessions include pasture weed control, herd management and pasture fertilization, and relative merits of direct and auction methods of selling cattle.

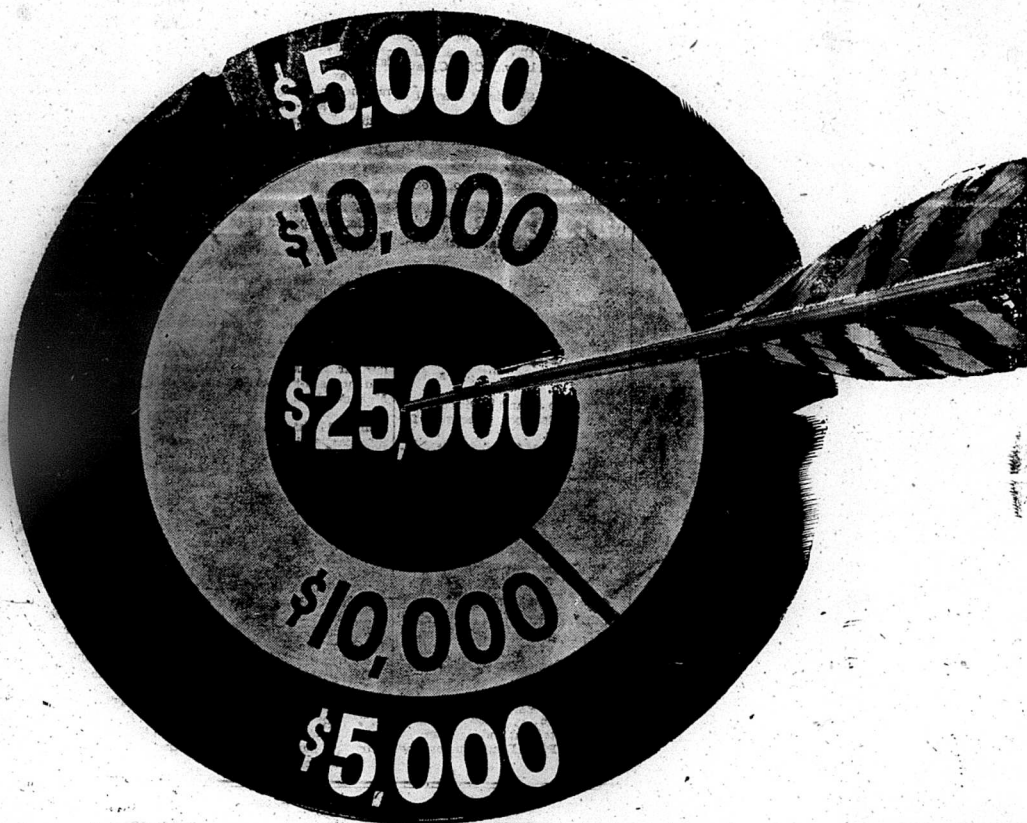

In addition to personnel from the Florida Agricultural Experiment Stations and the Extension Service, the morning program will feature three Florida cattlemen, Ralph Sexton, Vero Beach; L. H. Turner, Sarasota; and Russell Kaiser, Lake Worth.

A panel discussion on pasture management will start the afternoon session. The panel will feature Dr. O. C. Rutledge, assistant agronomist, and Dr. Nathan Gammon, Jr., soils chemist, from the Experiment Station in Gainesville; Dr. E. M. Hodges, agronomist from the Range Cattle Station; Dr. R. J. Allen, Jr., assistant agronomist, Everglades Station; Harvey Page, Wilson-Toomer Fertilizer Company; Leroy Forner, Superior Fertilizer & Chemical Company; and Ed Green, Gulf Fertilizer Company.

Other speakers include Dr. A. C. Warnick, associate animal husbandman, Gainesville; Dr. W. L. Sippel, veterinarian in charge of the Animal Disease Diagnostic Laboratory in Kissimmee; and Alto Adams, Jr., president of the Florida Cattlemen's Association.

Question and answer sessions will be held at the conclusion of morning and afternoon programs.

Mr. and Mrs. Earl Maxson were weekend guests of relatives in Ft. Lauderdale.

Pick your savings target and shoot straight for it!

A home... financial security... a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you before you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

Because Savings Bonds earn good interest—3% compounded semiannually when held to maturity (9 years and 8 months)—they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. That means a return of up to 80% more than you originally paid.

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$7.50 a week. In 5 years you'll have Savings Bonds worth \$2053 in cash; in 10 years, \$4448.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonds regularly where you bank.

For the big things in your life, be ready with U. S. Savings Bonds

The U. S. Government does not pay for this advertising. The Treasury Department thanks, for their patriotic donations, the Advertising Council and

The Everglades News

PAUL RARDEN, Publisher

*Uncle Sam made the bonds you own
an even better bargain!*

Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 ... a \$37.50 Bond will be worth \$67.34 ... and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25c a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 ... in 9 years and 8 months, you'll have \$2,860.70 ... and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid
your interest as current income—
invest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current-income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$25,000.

Now even better! Invest more in Savings Bonds!

The U. S. Government does not pay for this advertising. The Treasury Department thanks, for this patriotic donation, the Advertising Council and

Mrs. Doc Wilson of Lakeland and her brother Curtis Loving are the guests of her nephew and niece, Mr. and Mrs. L. B. Wilson and family.

Mr. and Mrs. Charlie B. Kelly have as their guests this week his mother Mrs. Annie Tabb, of Colquitt, Ga., and Mrs. Nannie Loving, of Lakeland.

Mr. and Mrs. W. R. Wilson and son Mike have returned from Seabreeze Hotel in Palm Beach where they vacationed for several days. The Wilsons will leave over the weekend for Fort Myers Beach where they will spend several weeks vacationing.

Mrs. Adaline Wroten is visiting Mr. and Mrs. R. Foreham, of Dothan, Ala. Before returning to her home she will visit relatives in Georgia.

Mr. and Mrs. Elmer B. Elliott have returned to their home in Lakeland after visiting her parents Mr. and Mrs. L. B. Wilson and family for several days.

Mr. and Mrs. Wallace Barnes and son Bobby have returned from Palm Beach Shores where they vacationed for several days.

Mr. and Mrs. Kyle P. Scott and son Kyle, Jr., have returned from Texas and Louisiana where they vacationed for several days. While away they visited his brother-in-law and sister, Mr. and Mrs. R. A. Clay in Dallas, Texas, and cousins, Mr. and Mrs. B. J. Scoles in Lake Charles, La. They also stopped in New Orleans, Silver Springs and Cypress Gardens for sightseeing.

Mr. and Mrs. Melvin Spooner and children spent several days at West End Bahama Islands, boating and fishing.

Travis Strahan, who spent several weeks visiting his uncle and aunt Mr. and Mrs. Don Wilson has returned to his home in Savannah, Ga.

Mr. and Mrs. C. G. Willis and children accompanied by her mother, Mrs. Gertrude Burney have returned from Fort Myers Beach where they vacationed for several days.

Mrs. Dessie Taliaferro and children have returned from Miami where they spent the weekend with relatives.

Mr. and Mrs. Foster Lassiter and children are spending two weeks visiting her parents in North Carolina.

Mr. and Mrs. J. D. Rogers had as their weekend guests their daughter, Mrs. Bill Justice and children Linda Sue and Mike of Miami. Linda Sue remained for a longer visit with her grandparents.

Mr. and Mrs. Ralph Crews and family had as weekend guests her parents, Mr. and Mrs. Axel Jensen and her brother-in-law and sister, Mr. and Mrs. E. C. Williams and Mike, all of West Palm Beach, and Mr. and Mrs. W. T. McCoy and family of Opa-locka, Fla. Mr. and Mrs. McCoy also visited his mother, Mrs. Grady McCoy, who is a patient at the local hospital.

Mr. and Mrs. Raymond Taylor have returned from several days of fishing and vacationing at Salerno Beach.

Mr. and Mrs. George A. Hill, his mother Mrs. Annie Hill and her sister Mrs. Lena Ware have returned to Orlando after spending several days as the guests of Mr. and Mrs. Walter Boatwright.

Mrs. Donald Padgett of Chiefland and her mother, Mrs. Roy Billington, of Gainesville, have returned to their homes after visiting Mr. and Mrs. Duncan Padgett. They were accompanied on their return by Mrs. Padgett's children, Donald and Suzanne, who have been visiting their grandparents for two weeks.

R. V. Renouf, who has been employed in Jersey City, N. J. for several weeks, will return to his home this week.

Christian Science Group Of Canal Point

The effectiveness of healing based on spiritual law will be brought out at Christian Science services Sunday in the Lesson-Sermon entitled "Truth."

Peter's healing of the "man lame from his mother's womb" will be featured in the Bible readings which include this passage:

"Then Peter said, Silver and gold have I none; but such as I have give I thee: In the name of Jesus Christ of Nazareth rise up and walk. And he took him by the right hand, and lifted him up; and immediately his feet and ankle bones received strength. And he leaping up stood, and walked, and entered with them into the temple, walking, and leaping, and praising God" (Acts 3:6-8).

Correlative selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include (183:26-29): "Truth casts out all evils and materialistic methods with the actual spiritual law,—the law which gives sight to the blind, hearing to the deaf, voice to the dumb, feet to the lame."

Aquatennia Will Draw Non-Swimmer

TAMPA—Pert blonde Alice Jaime Fernandez is representing the state of Florida and Tampa's Latin American Fiesta at the annual Minneapolis Aquatennial this week. Sixteen-year-old Alice will attend events such as the Aqua Follies, Navy League Dinner, Admirals Ball, two parades and the usual number of radio and television appearances as Queen of the Latin America Fiesta.

Although Miss Fernandez represents a state surrounded by water and she has a swimming pool in her own back yard, she won't be able to take part in water skiing or swimming activities at the Aquatennial. She doesn't know how to swim!

TAKES OVER ON AUGUST 1

Mrs. Jerry Vandegrift will take over operation of Gant's Restaurant in Pahokee on August 1. Mrs. Tombaugh has operated the popular eating spot for several years and now it passes into the capable hands of another experienced person—Mrs. Vandegrift.

a castle in the air costs nothing
—but you can't live in it!

Make your dream house come true! It's easy
—through Payroll Savings!

If you think you can't own the home of your dreams because the down payment's too steep, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic way to meeting down payment—for a house or any large purchase.

Just do this: Sign a Payroll Savings application at your pay office; savings starts soon to be "paid" from your pay before you get it each week—a few dollars or as much as you want. After that, you're saving automatically—nothing to worry about, nothing to do. Add that up, the money saved out of your pay each week is automatically invested for you in U.S. Savings Bonds.

Because Savings Bonds earn solid interest—3% cumulative semiannually when held to maturity

—the few dollars saved from your pay each week soon grow into big generous amounts. For instance, if you sign for \$12.50 a week, in just five years you'll have \$3,939.35 cash. In 9 years, 3 months, you'll have \$7,217.29!

So don't let down payments get you down. Meet your needs for weekly cash the way more than 4 million other Americans are meeting theirs—join the Payroll Savings Plan today. Or, if you're self-employed, invest in Bonds regularly when you bank. Start now to make your dream come true!

If you want your interest on current income, ask your bank about Series H Bonds, which pay dividends directly to Treasury check.

Choose your own savings goal

	If you invest approximately		
	\$2,000	\$10,000	\$25,000
Not wait for 5 years and 6 months, then cash out	\$2.50	\$12.50	\$31.25
Not wait for 10 years and 6 months, then cash out	\$5.00	\$25.00	\$62.50

This chart shows only a few limited examples of savings goals and the amounts that can be saved. For more information, see the chart on the back of this advertisement.

Mayo Successor Brings Out Names

TALLAHASSEE — Five names already have been projected into the field of would-be successors to Nathan Mayo, commissioner of agriculture, who has announced his retirement at the close of his present term.

The five who are known to have aspirations and who will probably enter next May's primary are Rep. Doyle E. Conner of Starke, W. R. (Buster) Hancock of Groveland, Charlie Rave of Winter Haven, Rep. Emmett Roberts of Belle Glade, and George Owen, assistant attorney general in charge of anti-book law enforcement.

Citrusman and former state agriculture department employee, Charlie Rave, is the only one who has formally announced his candidacy. It is generally accepted, however, that Conner and Hancock will definitely enter the campaign with the others almost "sure-ins."

Lake Okeechobee

(continued from page 1)

Maximum discharges are going out of the St. Lucie canal, leading to Stuart, and into the Caloosahatchee River, leading to Fort Myers. But the water keeps pouring down the Kissimmee valley and into the lake as rapidly as it can be discharged.

Engineers try for a level of 13 feet in June. Going below that figure also can be dangerous. Two years ago there was such a fall drought that there was not enough water for irrigation of the vast farming area around the lake.

Some 6,500 cubic feet of water per second is now pouring into the St. Lucie canal — to the anguish of the people in Stuart.

These rapid discharges always bring new silt into their bays, and ruin the inshore sports fishing, which is an important prop in the Stuart economy.

Army Engineers say they can do nothing about this. Their agency has agreed that the runoff southward and into the Everglades National Park would be a good idea. But there isn't the money to dig such a canal at this time.

Discharge into the Caloosahatchee River at Moore Haven is limited to 1,500 cubic feet a second. Fletcher said this is because there is a heavy flow of water into that river at several points between the lake at Fort Myers.

Proposed Waste Site Draws Fire

Commissioner Harold Vance, acting Chairman of the Atomic Energy Commission, today assured Congressman Paul Rogers that he would look into the designation of Ft. Lauderdale as a possible site for the dumping of radioactive waste material.

In discussing this matter with Vance, Rogers asked the Atomic Energy Commission to consider the adverse effects that further consideration of the proposed Ft. Lauderdale site might have on the economy of the entire lower East Coast area of Florida. Commissioner Vance pointed out that the recommendation of the National Academy of Sciences were in no way binding on the commission and that he would give Rogers' request his personal attention.

At the conclusion of the interview, Rogers said: "I am certainly encouraged by Commissioner Vance's offer to personally look into this matter and I hope and feel that consideration of all the factors involved will result in total abandonment of the Ft. Lauderdale site."

Glades Singers To Meet Sunday

The Glades Singing Convention will meet Sunday July 26th at the Church of God of Prophecy in Pahokee. Everybody welcome. Come and join us in some good gospel singing.

Mrs. Andy Milliken, Secretary

Mrs. Mamie Andrews Cecil Hall Are Wed

Mrs. Mamie Andrews and Cecil H. Hall, both of Canal Point, were united in marriage June 30th at 5 p. m. at the home of Mr. and Mrs. Arnold Scruggs in Pahokee.

The Rev. Charles Crauswell, pastor of the Church of the Nazarene in Pahokee, performed the double-ring ceremony.

The bride wore a blue afternoon dress of silk organza over taffeta. The fitted bodice was fashioned with sweetheart neckline and blue satin cummerbund. Her headpiece was a circle of light blue feathers and she wore matching accessories. She carried a white prayerbook centered with white carnations.

Mrs. Arnold Scruggs was matron of honor. She wore pink daffodil afternoon dress, with white accessories and a headpiece of pink feathers. Her flowers were pink carnations. A reception followed the ceremony and the couple left immediately for St. Augustine where they spent several days before going to Fort Myers Beach where they are honeymooning. On their they were honeymooning. They are making their home in Canal Point.

County Board Ups

(continued from page 1)

Tunds budgeted for operation of the county hospital.

Also coming in for a share of questioning was Sheriff John Kirk, whose operating budget is included in the commission expected expenditures. The Sheriff's budget is set by the law enforcement agency and is turned over to the commission to raise funds to finance the cost.

Kirk said his budget had been passed in accordance with wish of St. Paul Rardin, vice chairman of the commission and chairman of the board's budget committee. In fact, he said, funds were omitted for patrolling the county's waterways—a new law passed by the last session of legislature. Most of the increase in his department, Kirk said, was money budgeted for operation of a county-wide highway patrol in an effort to cut down on traffic accidents.

Considering a letter from the Resources Development Board's tax committee, pointing up sections where the commission could have anticipated expenditures, the board declined to follow the RDB's suggested cuts but expressed appreciation for the group's interest.

Areas in which the RDB suggested that cuts be made included funds budgeted for the construction and maintenance of airports—particularly a \$30,000 item for construction of a Glades airport hanger.

Court house maintenance costs—which the commission said were going up because of the operation of a court house annex in the Glades, and expended operation in the county office building on Datura St.

Capital improvement—particularly parks which the commission pointed out had been neglected for several years in order to balance the budget, using park funds for other expenses.

Zoning department and registration department and the proposed installation of a new court house elevator were left in the budget as originally set, despite an RDB request to cut funds for these sections.

As item for development of a park site in the FCD water conservation area which the RDB questioned, brought an explanation from the commission that funds budgeted for this work represented the county's share of resources to be pooled by five agencies to develop the new park.

The commission suggested that the RDB tax committee be divided into specialized groups and that year-around study be given to all county functions.

Miss Johnnie Oliver of Fort Lauderdale, who spent several days as the guest of her parents, Mr. and Mrs. L. M. Mullis has returned to her home. Mr. and Mrs. Mullis accompanied their daughter to Fort Lauderdale where they visited.

Personal

Mr. and Mrs. Brooks Henderson left today for a visit with their parents in Kentucky. They will be accompanied by their daughter, Mrs. Bill Wood and baby of Cape Canaveral.

Miss Karen Shields of Maryville, Tennessee is the guest of Miss Nancy Thomas this week.

Mr. and Mrs. O. H. Chastain and family left Monday for several weeks vacation in Pine Park, Georgia and the mountains of North Carolina.

Mr. and Mrs. J. H. Bordeaux returned home Friday from a vacation spent in Georgia, North Carolina, Philadelphia, Washington and Maryland. They visited their son, Dick and family in Maryland.

Mr. and Mrs. L. V. McClelland have returned home from a trip to North Florida. They were accompanied home by Mrs. McClelland's mother, Mrs. William from Panama City, who will visit for several days.

Mrs. Ollie Adams is visiting relatives in Glenwood, Georgia, for several days.

Miss Carol McDonald of St. Petersburg is the guest of her grandmother, Mrs. N. V. Maxson and other relatives for several days. She will be joined this week by her mother, Mrs. Ponce McDonald.

Miss Velma Williams has returned home after spending six weeks at Band Camp at the University of Miami.

Miss Sandra Lampi has returned home after attending Band Camp for six weeks at the University of Miami.

Mr. and Mrs. C. G. Willis and family have returned home from a vacation spent at Ft. Myers Beach.

Miss Cindy Friend and Miss Joan Darden have returned to their homes after attending summer school at Palm Beach Junior College.

Mr. and Mrs. D. L. Hooks have returned from Guaro, Cuba where they visited their son and daughter-in-law Mr. and Mrs. Stanley Hooks and family for two weeks, and enjoyed sightseeing trips on the island.

Miss Marlene Lovell, of Dundee, is the guest of her uncle and aunt Mr. and Mrs. R. M. Sanders and family.

Mr. and Mrs. Bill Reeves have returned home from a visit with her aunt and uncle, Mr. and Mrs. Eddie Jennings of Bossier City, La., and also her grandmother, Mrs. Alice Boswell of Rutledge, Ala.

Mr. and Mrs. K. C. Mock and children have returned to their home in West Palm Beach after visiting her parents, Mr. and Mrs. G. W. Byrd.

The Rev. and Mrs. John Levins, of Hialeah, have returned to their home after visiting his grandmother, Mrs. Esther Levins and Mr. and Mrs. Joe Crosby.

Mrs. Ada Culbertson has returned from West Palm Beach where she visited her son and daughter-in-law, Mr. and Mrs. W. E. Culbertson and her son-in-law and daughter Mr. and Mrs. Jeff Curley and family.

Mr. and Mrs. J. L. Tyson and family recently visited his brother and sister-in-law, Mr. and Mrs. Kirby Tyson and family and his mother Mrs. Kelloway Tyson in Tampa. Before returning home they visited his father in Frostproof.

Mr. and Mrs. L. M. Mullis accompanied by Mr. and Mrs. Jack Liddrose have returned from a visit to the Florida Keys. While there they visited Mrs. Liddrose's brother-in-law and sister Mr. and Mrs. W. L. Perry.

Mr. and Mrs. Charles Jones of Clewiston visited his mother, Mrs. C. B. Jones Saturday.

Dr. and Mrs. R. R. Long and family and Mr. and Mrs. Lewis Friend and family spent the weekend at Fort Myers Beach.

John Howard Hooks is home after attending summer school at the University of Miami.

Scoggin Circle In Its July Meeting

The July meeting of the Hannah Scoggin-Ann Jones Circle of the Canal Point Baptist WMN met at the home of Mrs. D. P. Hughes, July 16th at 8 p. m. There were 10 members present.

Mrs. J. S. Atkins presided over the program in the absence of Mrs. H. C. Clarke, who is away on vacation. The program was "Preserving Ideals of Patriotism". Mrs. Charles Maxson gave the devotional "Preparing The Way" and led in prayer.

Others taking part were: Mrs. D. P. Hughes, Mrs. S. A. Nall, Mrs. A. T. Holt, and Mrs. Hughes closed the meeting with prayer after giving the Call to Prayer for the day from the Royal Service.

Mrs. S. A. Nall, Circle Chairman, presided over the business session, and it was announced that the Sunbeam Rally held in the Community Building in Canal Point that day had been a success.

The August meeting will be Thursday, Aug. 20th with Mrs. H. G. Rodgers in charge of the program.

College Students In Church Work

Miss Annette Mcintosh and Miss Kay Friend, college students home for summer vacation, are working in the youth department of Pahokee First Methodist Church.

Miss Mcintosh is counselor for the Intermediate Fellowship and Miss Friend is working with the Senior Youth Fellowship.

Miss Corrine Collins and Miss Friend are also working with the Vesper Choir which sings at the evening worship service.

Miss Collins is director and Miss Friend is pianist.

VISITS IN TALLAHASSEE

Mrs. Millard Lairsey is spending this week in Tallahassee with her son and daughter-in-law, Mr. and Mrs. Charles Lairsey.

TRUCK SAVINGS START WITH FORD!
